

# The Urban Range Sliding/Stacking Door

**CAPRAL**  
ALUMINIUM

**urban**

Flexible and versatile in design, sliding/stacking doors can be manufactured to specific requirements, whether it be a 2, 3 or 4 panel standard sliding/stacking door or 3 and 6 panel sliding/stacking door. Suitable for both residential or apartment living, they are perfect for alfresco living, providing an abundance of natural light and giving a feeling of space. High quality rollers allow ease of sliding for all panels and quality door locks will give you peace of mind in the security of your home. These doors can also be integrated with insect or security screens.

## The Urban Sliding/Stacking Door

The new Urban Sliding/Stacking Door offers a high degree of design flexibility. Complemented with high quality hardware plus excellent structural and weather performance, the Urban Sliding/Stacking Door has been designed to suit Australia's wide range of climatic conditions. Integrated insect or barrier screening options and double glazing capabilities ensure the Urban Sliding/Stacking Door can be tailored to your exacting requirements.

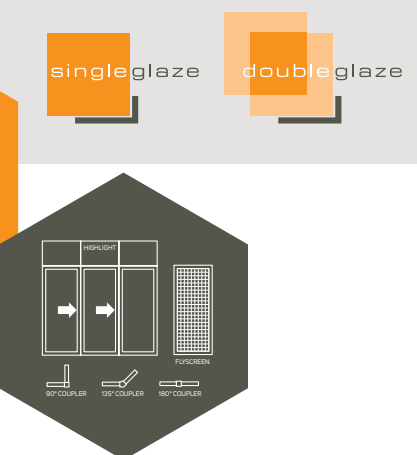

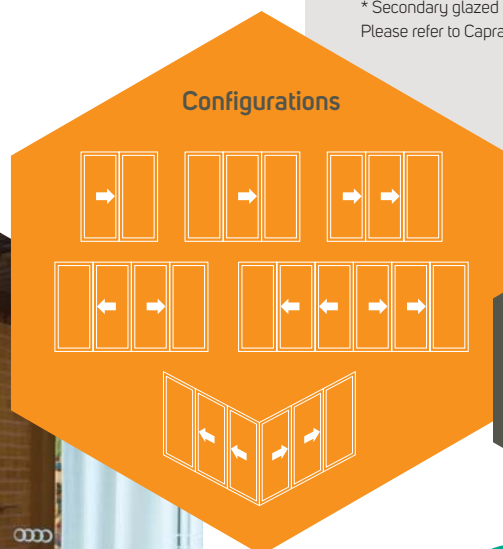

As part of the Capral Urban Residential Range, it can be integrated with a complementary selection of sliding, casement, awning and double hung windows to provide a total window solution.
